BROCHURE | STAIRCASE & BALUSTRADES

SHOWROOM & FACTORY
Warehouse 8, 45 Davies Road,
Padstow NSW 2211

ABOUT US

OzStair believe in only using the finest materials available to the market and the latest technology in the construction of our quality timber and metal staircases, with timber, glass, stainless steel and wrought iron balustrading. Whether domestic or commercial, we design and manufacture superior stairs to suit your individual needs.

The products showcased in this brochure provide an example of the different standard components that our customers may select when designing their ideal staircase.

This brochure is simply a guide with our standard components, however OzStair set no limits to your imagination and encourage individuality and design in your home.

OzStair are known in the industry as the premier boutique staircase manufacturer.

WHO WE ARE

Ozstair is a 100% Australian owned & family run business, manufacturing and installing the highest quality staircases and balustrade to Builders, Architects and Homeowners.

With over 30 years' experience, we are known as the industry leader in boutique staircases and balustrades.

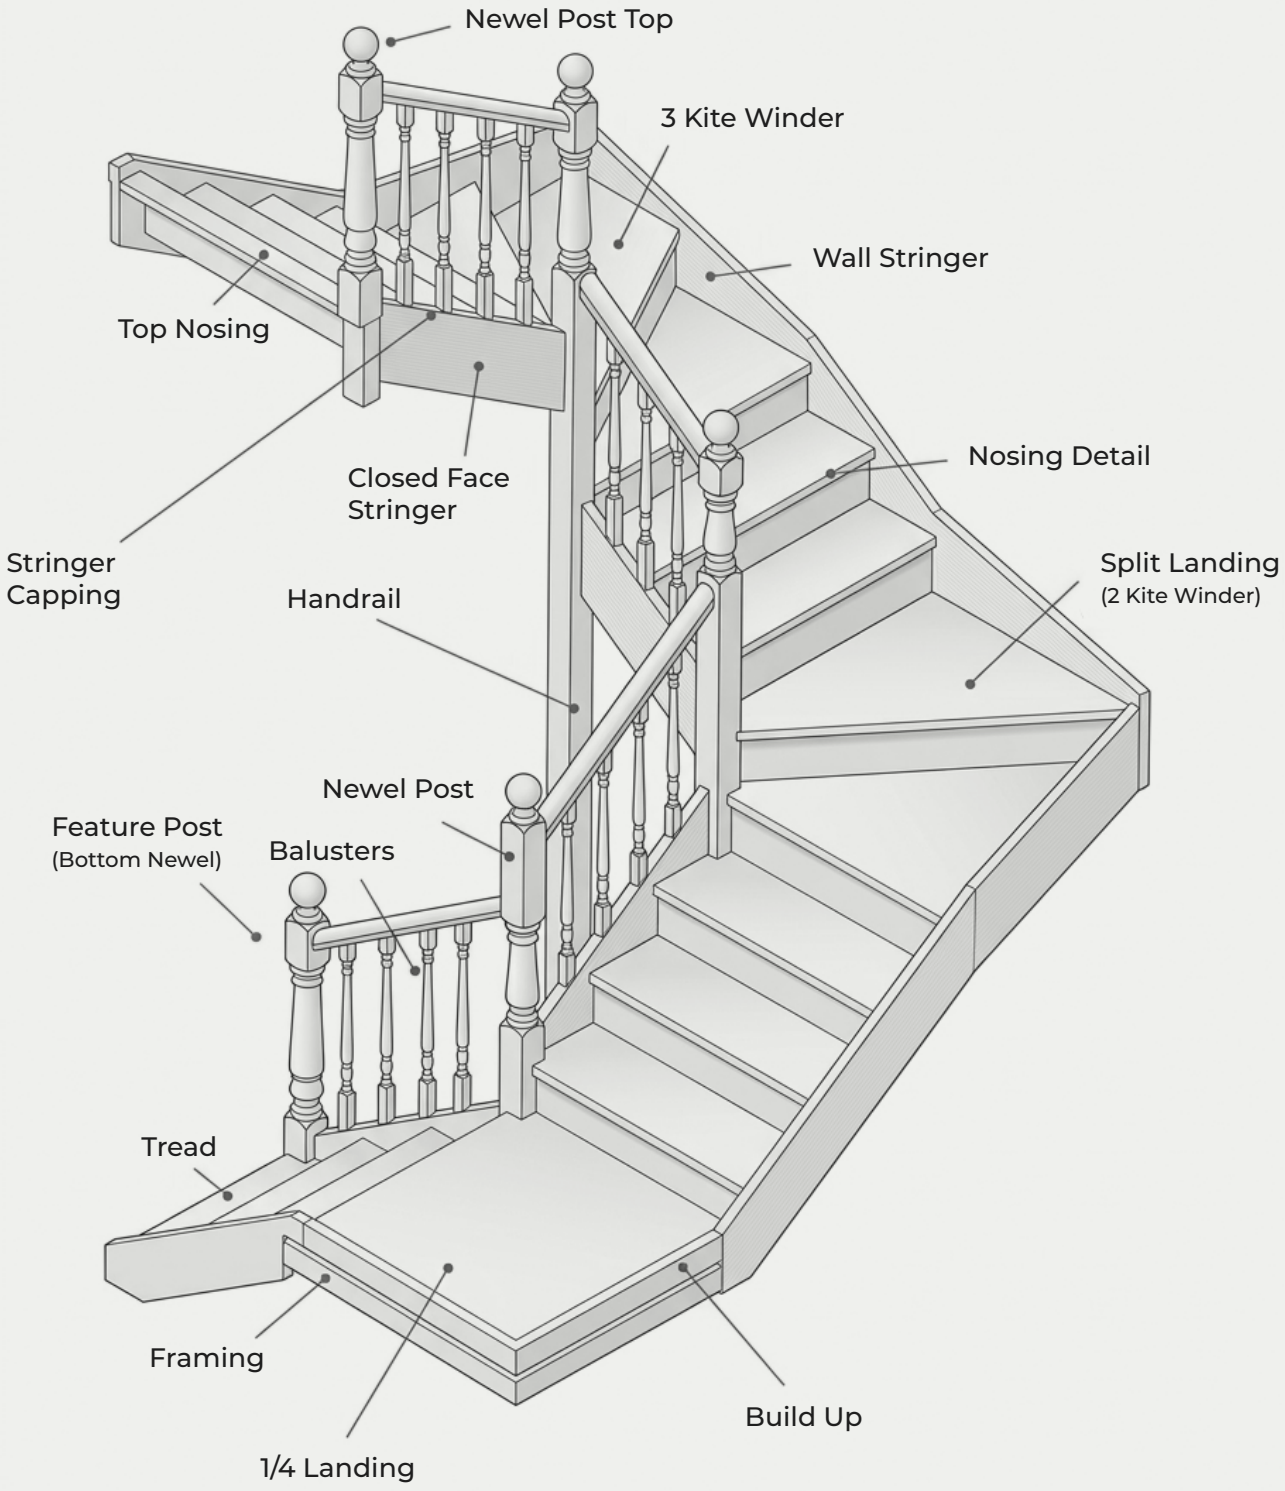

OUR TEAM

We have some of the most qualified and highly trained staff on our team who working together allow your finished staircase or balustrade to be that of the highest design and quality. The training program at OzStair is the reason our team have such skills and knowledge and are able to apply these trades to each and every stair that is manufactured here at OzStair.

CUSTOMER SATISFACTION GUARANTEE

We are committed to forging and maintaining lasting relationships with our clients, founded upon open and honest communication and unequalled professionalism in all aspects of service delivery. This is why our clients keep coming back to use OzStair and why the OzStair Brand is held in such high regard within the building industry.

NON SLIP

As per the National Construction Code of Australia 2016 3.9.1.4 Treads must have a surface with a slip-resistance classification not less than that listed in Table 3.9.1.3 when tested in accordance with AS 4586 or a nosing strip with a slip-resistance classification not less than that listed in Table 3.9.1.3 when tested in accordance with AS 4586.

PRODUCT RECOMMENDATION

Intergrain Ultragrip by Dulux

UltraGrip provides a high performance, long lasting textured surface which reduces the tendency for decking and timber walkways to become slippery when wet.

This is a powder formula, please speak to your Painter for instructions on how to use.

TIMBER SAMPLES

We can source all Australian Hardwood. We hold all timber samples displayed and more at our showroom in Padstow.
